

LAWN MOWER SAFETY TIPS TO KEEP KIDS SAFE

KLEINERT KUTZ
Hand Care Center

SAFETY TIPS:

- Make sure children are indoors or well away from the area you plan to mow.
- Children should never operate or ride power mowers.
- Do not allow children to ride as passengers on riding lawn mowers.
- Do not pull the mower backward or mow in reverse, unless absolutely necessary; and then carefully look for children behind you.
- Never leave a power mower while it's running.
- Mow only when the grass is dry and only during daylight.
- Use the safety features that come with the mower.

Many children and adults are injured each year in lawn mower accidents. Protect both yourself and your family by following these safety tips!

**For Routine and Emergency Hand,
Wrist and Arm Care call (502) 561-4263.
We accept pediatric and adult patients.**
