

LAWN MOWER SAFETY TIPS TO KEEP KIDS SAFE

KLEINERT KUTZ
Hand Care Center

- Make sure children are indoors or well away from the area you plan to mow
- Children should never operate or ride power mowers • Never leave a power mower while it's running
- Do not allow children to ride as passengers on riding lawn mowers • Use the safety features that come with the mower
- Do not pull the mower backward or mow in reverse, unless absolutely necessary; carefully look for children behind you
- Mow only when the grass is dry and only during daylight

For routine and emergency hand, wrist and arm care, call (502) 561-4263.

We accept pediatric and adult patients.
